The Nether is a creepy and mysterious dimension that you can reach only through portals from the Overworld. Check out these other unusual facts about this strange dimension!

- 2 There is no naturally occurring light in The Nether; all light sources come from fire, lava, portals, and glowstone.

### **Kulta – The Skull Grinder**

# LEARN THE ANCIENT AND FORGOTTEN ART OF AIRJITZU!

The threat of Morro and his ghost warriors drives the Ninjas to seek out old, mysterious powers – a form of Spinjitzu so potent it defies gravity itself! The Ninjas must learn new skills... and so must you!

- 1 Choose your enemy or target.
- 2 Build the brick handle!
- 3 Place your Ninja in the capsule.
- 4 Twist and lock the capsule to the rotor.
- 5 Pull the rip cord, fast and straight, away from the handle. Don't pull it up, down or off to one side as you'll just slow the rotors.
- 6 Rise into the air to defeat the forces of the evil ghost Ninja!

## HOST YOUR OWN AIRJITZU TOURNAMENT!

What better way of mastering your skills in this ancient form of Spinjitzu than testing yourself against your friends? Who will be the Airjitzu Master of your school or street? It's time to find out!

### INVITE YOUR FRIENDS OVER!

If you have more than four people, form two or more teams. Name them!

Have one player from each team battle it out in a 'best-of-five' match.

There are lots of different types of Airjitzu challenges. Try these three:

**Altitude** - The Ninja with the highest flight wins that round

**Endurance** - The last Ninja to land and stop spinning

**Accuracy** - Try to land your Ninja on a target, nearest Ninja wins

**NINJAGO**  
Masters of Spinjitzu
